- This project was build using python and all the libraries of python like Panda, Numpy , GUI, Tkinter etc.
- It is a Online Game which is played with a dice which gives random number on each throw

### Recipe webpage (2019)

- This was a website based project where HTML,CSS was used for creation
- It is a Project on cooking Recipes which helps the user to learn the ingredients used for a dish

## SKILLS

C++

Python

HTML

Linux

Open Source

SQL

MS Excel

Tableau

R

PowerPoint

AWS

Data Structure and Algorithms

Team Player

Data Analysis

Time Management

## ACHIEVEMENTS

### Codechef

2 Star , Current Ranking :- 1407 , Total Questions Solved :- 50+

### Hacktober fest 2019

Awarded with a Hacktober fest t-shirt and stickers

## ORGANIZATIONS

### Member of Student Organization Factum(Present)

Conduct events and manage social media groups

## CERTIFICATES

### Java and python (Unschool) (2020)

Introduced to new concepts like Numpy and Pandas.

### Object Oriented Programming using C++(Ebox) (2021)

Completed OOPs and C++ basics

### Github and Version Control(MS Student Partner) (2019)

Learned how to manage Repositories.

### Artificial Intelligence (Unschool) (2020)

Learned concepts like Problem Solving, reasoning, planning, natural language understanding
